Subject: RE: West Ealing Modelling & Engineering Checks

Hi All,

Please see attached meeting notes and the comparison of 2022 junction flows with those used in the approved base modelling to help support the decision to proceed with the approved base and FB modelling as they stand and just commence proposed scenario model audits as soon as we have finalised the scheme.

Cheers,

Where: Microsoft Teams Meeting

Hi Claire,

Please see meeting request as discussed. This is to restart the process on the model audits for the West Ealing Liveable neighbourhood scheme.

I assume we will need someone from TfL Engineering on the call to discuss the required Engineering / intergreens checks – could you please forward on as necessary or let me know the appropriate contact

Agenda

1. Recap of the scheme
2. Recap of the modelling to date
3. Lido junction discussion – including TfL engineering requirements
4. Confirmation of approach going forwards
5. AOB

Thanks,
[redacted]
