WELN BMS v2 JL.docx
WELN - Notes from meeting.msg

Hi Martin

BMS refers to the Benefits Management Strategy which was a document prepared by TfL for the WELN project. Joe had previously lead on this (draft attached).

We would need this to be updated by TfL in advance of the G3 submission. It would also be helpful if TfL colleagues were to review this ASAP and let us know whether any of the baseline data needs to be re-collected or indeed whether there are now additional/new data requirements.

In our previous meeting it was agreed that [redacted] (?) would advise on this.

Best wishes,

[redacted]

Hi [redacted],

Thank you. I think the data requirements would be covered in our meeting early next week, please see Claire's response in the other email chain. Can we confirm a date for it today? (Mon 14 - Wed 16)

Sorry I have to familiarise myself with the documentation again (BMS?) but happy to discuss sooner rather than later. Let me catch up with Joe and we'll arrange a time.

Best regards,
Martin

Thanks [redacted]

@Martin please could we also arrange a meeting with yourselves to discuss the BMS (TfL document) as if there is a requirement to either collect new data or refresh the existing baseline data, we would need to scope and procure this ASAP so we can present this as part of the engagement activity in the new year.

Best wishes,

[redacted]

Subject: WELN Gate 3

Hi Martin/Joe

Hope you are well.
See attached a checklist we've put together with all the elements we are planning to include in the WELN Gate 3 submission.
Could you please let us know if there any other requirements we should be aware of? And also confirm if the Gate Submission template is the same as before?

Could you also share the latest TfL's business case spreadsheets (including the BCM, ABC etc)?

Many thanks,
