Introduction

Route 383 is currently operated by Uno Buses between Barnet, The Spires and Woodside Park Station.

Reasons for the route test

The purpose of the route test is to check the suitability of extending route 383 from Woodside Park Station to Finchley Memorial Hospital, via the following roads:

Towards North Finchley Memorial Hospital: Woodside Park Station Forecourt, Woodside Park Road, North Finchley High Road, Granville Road, North Finchley Memorial Hospital.

Towards Barnet the Spires: North Finchley Memorial Hospital, Granville Road, North Finchley High Road, Kings Way Ballards Lane, North Finchley High Road, Woodside Park Road, Woodside Park Station Forecourt.

Outcome

The roads were tested as above with no issues. A location for a bus stop was found within the car park area where the bus will set down passengers stand and pick up passengers. This requires the bus to be routed through the car park entering through the exit only and exiting through the entrance only this will require a change of signage. There are public toilets and a coffee shop in the hospital entrance. There are seven existing bus stops and a new stop required at the hospital.

Actions

The signage on the car park entrance and exits need to be reversed and an Ambulance only sign to be removed **Action:** [redacted].

Stand marking to be painted on the road surface **Action:** [redacted].

Bus stop post and flag to be installed **Action:** Peter Reucroft.

Temporary Bus stop to be positioned if required **Action:** Ian Ford.
