Ian, Anvar,

Do you have a documented comms/response plan that will be enacted if required by the inspections? If yes, are you able to share this with us – I ask because we are being increasingly asked internally and as it stands I have no answer to give.

Separately, are there any daily/weekly updates on the inspection findings from Motts – it would be great to have a short/regular summary report/table that says:

- Element inspected
- Type of inspection
- Findings
- Pass/concerns/fail etc.

I'd be very grateful if you could let me know as I'm under increasing pressure to provide more visibility of what is happening.

Thanks,

Garry
