Anvar,  
Please be advised that Atkins called myself to discuss their PO increase.

The conversation drifted in to the issue of the pin and outer leaves.  
I advised him that following our meeting with MML, it was MML's view this Atkin's opinions were not stated in black and white and were therefore merely argumentative.  
Atkins stated their view was stated in their assessments and in any case they would write specifically to clarify their reasoning.

Vernon
