**Subject:** Hammersmith Bridge - Feasibility study

Hi John,

I have today received an email from TfL that TfL Commercial and TfL's project delivery team does not have any comments on the feasibility study. Could you please finalise the feasibility study by undertaking the following:

1. Updating the report to include comments provided by TfL's Technical team and LBHF,
2. Update the feasibility study to include works identified as part of the revised load assessment correcting the errors picked up in the pedestrian loading
3. Update the feasibility study to allow for the strengthening of the cracked pedestals that were identified this week.

Please provide an updated programme to reflect the submission of the revised final load assessment and the final feasibility study. I will upload this instruction on Asite.

Regards  
Anvar
