Dear Andrew,

**Re: Collision of tram and double-decker bus in September 2008 at Croydon**

Thank you for your letter of 6 January 2008 referring to the above incident.

In the letter you drew attention to a number of matters identified as a result of your review of the evidence related to the incident. We will be reviewing these, along with the recommendations from our own investigations, through our internal safety governance arrangements, and taking action where appropriate to an agreed and prioritised timetable.

We very much appreciated the open and constructive approach taken by the RAIB in relation to the above incident.

Yours sincerely,

Richard Stephenson

Director Group Health Safety and Environment, TfL.
