

- NOTES**
- Closure Location
  - Proposed Diversion Routes:
    - Upper Holloway Planned Closure Diversion Both Directions
    - Upper Holloway Strategic Diversion Route via A41
  - VMS:
    - Proposed VMS
    - Existing VMS
  - Message During Overnight Shuttle Working for Service Bridge Installation
  - Message During 2 weeks Prior to Upper Holloway Closure
  - Upper Holloway Message During Closure

**NOTE:**

- For detailed VMS locations refer to plans 5018-04-UHB-0100-PBR-IFC-DRG-B to 5018-04-UHB-0100-PBR-IFC-DRG-S.
- VMS include measures to inform HGVs of the alternative route (via the A41) during the London Lorry Control Scheme restricted times. The LACS restricted times are:
  - Monday to Friday 2100 - 0700 (including 2100 Friday night to Saturday morning)
  - Saturday 1300-0700 Saturday afternoon to Monday morning
- All phasing of messaging on VMS to be confirmed by TL Travel Demand Management (TDM) Team.
- All VMS warning of works. Advise users of diversions.
- VMS required to allow re-routing of A1/A40s North Circular traffic (via the A41) during the London Lorry Control Scheme or highway emergency road closures at Upper Holloway Bridge or Ringway Corner Bridge.
- VMS008, 012 and 013 in advance of works site, informing drivers of length of works and diversion route, in place. Message to be shown 4 weeks prior to the start of construction, for 24 hours a day, promoting awareness amongst regular users of A1 Upper Holloway Bridge.
- XXX Refers to dates to be provided by HUK.
