Please find attached the primary diversion route and the proposed alternative northbound and southbound routes should there be an issue on the primary, together with the traffic impact map.

I have also attached the strategic route signage plan (this is still a work in progress so please excuse the hand written comments). This will include Highways England signage on the M1, M25 and M40.

Additionally, attached is the proposed cycle diversion.

[REDACTED] – any comments that you may have on these will be gratefully received.

We will provide the emergency site contacts shortly.

If you require anything further then please let me know.

Regards  
Graham
