Hi [REDACTED]

Looks fine. Just one minor comment from us. For the draft objectives for WLO (third bullet point). Could you say up to 20,000 residential units instead?

Many thanks.

Seyram

Thanks for your email and getting back to us

I know that a lot of the team will be in a Brent Cross meeting on the 6th so I think the 9th in the morning would be a better option

We need to quickly discuss availability and attendance within the team but could we work on the basis of the morning of the 9th and hold a slot for now

I estimate we might need 1 and a half to 2 hours if possible

Suggested items for our side for now might be

An update on the GRIP review work - from yourselves

An update and discussion regarding a draft brief for a study looking at potential interchange at Brent Cross West - from our side

Discussion about the merits of the northern phase proceeding ahead of the southern phase –

both

Review of anticipated station locations and costs for Infrastructure upgrades in Barnet to feeding into our upcoming transport and regeneration strategy work – both

Regards

Hi [REDACTED]

Could I suggest a few dates for next week? Tuesday 6th November at 2:30pm in our Stratford offices (E20) or Friday 9th November – we have availability from 9:30am to 12:30pm. This could be in our London offices or in Stratford offices depending on meeting room availability.

Please let me know if any of these dates would suit you and the number of attendees from your end. I have assumed an hour for the meeting. Please let me know if more time is required. Are you able to share with us a proposed agenda or tell us a bit more about the meeting so we can ensure that we have the right representation from TfL?

Regards,

Seyram

Chris

I'm just picking this up again

Do you have any slots available for a meeting with Barnet about the WLO – I think ideally we need something pretty soon
