

"C" STOCK DIGITISED VOICE ANNOUNCER MESSAGES Version 13 – October 2011

Modifications

v14	
v13	i) To reflect new DLR station at West Ham (and on approach to West Ham). ii) To reflect re-opening of Blackfriars (from November 2011). Note as the will be early train operators will be instructed to cancel DVA message before November 2011. (Note DVA Master Unit will have SW mod. 13 struck off.)
v12	Modifying the DVA software will remove the need for drivers to rely on the saloon door open buttons to initiate DVA. It will not change any announcements and is being included (on this script) for completeness only. The sw mod level (on the DVA Master Unit) will be 12 (i.e. "12" will be crossed off). Note, this script has been corrected to indicate that for the Circle Line only at Liverpool Street Station "...change for the Hammersmith & City line" must be changed to "...change for the Central Line and National Rail Services.."
V11	To add information due to the re-opening of the East London Line as London Overground also update to reflect current message set. (Note, the version on this document has been changed to bring it into line with the DVA's software version).
v10	To add the Extended Circle Line route information and to remove unwanted routes. Document layout changed to make it easier to find changes, to ensure that all message groups are covered: At, Start and Next and to more readily identify temporary changes.
v4	To include changes reference closure of Blackfriars LU station, the re-opening of Tower Gateway DLR station and the removal of all references to ELL and ELL bus replacement services.
v3	To add Wood Lane station and change of name of Shepherds Bush station
v2	To reflect closure of DLR station at Tower Gateway and closure of the East London Line (ELL).
v1	Modifications to account for move of Euro Star terminal from Waterloo to Kings Cross, and the closure of the East London Line. Also, 'Exit' is changed to 'Exit'

Routes

Route	Start Station	Terminus Station	Comment
1	Hammersmith	Barking	
2	Circle	Anti-clockwise - - Inner
