812 Short, single gong Warnings Dull, falling
813 Harpsichordal Triple General

N.B. A musical note symbol shall be displayed on the control head in front of The announcement about to be broadcast to indicate that a chime is being broadcast as part of the message. Only compound 811 is currently allocated for use, and if selected through the group suppression menu will associate itself with the automatically triggered messages and not the random messages. N.B. Group suppression menu defaults to chime off.
Dictionary 820 - 899 are reserved for Cab Audio Display Panel software use, and are not available to the user.

940 Walk test will automatically shutdown in 10
seconds unless the system is used.
Walk Test automatic shutdown warning
941 Cab Alarm Cab Alarm
* Although these messages shall be recorded in the flash memory card, the train installation
will not support their use, i.e. there is to be no testing of the intruder circuits in walk test.
The announcements above cannot be manually initiated in normal operation. They are
available for manual initiation in walk test mode only.

Walk test messages, other than the cyclic station name announcements are announced in a
voice distinct from the normal announcements.
