Hi Adam

Please find attached unchecked intergreens based on the layout provided.

Regards

Hi Adam

I have completed the 4884, but just need to double check the crossing widths, so should be with you on Monday.

Regards

I'm working to get this raised as an Engineering Services request – will it definitely come to you? Or is the process a bit more random?

Hope you are well

Adam

Hi Adam,
Please find attached feasibility layout for RHR 12/057. Can you please arrange for TfL Engineering to undertake intergreen checks. You already have the PO which was sent by Ian before Xmas. Once we get confirmation of the intergreens we can look to start the Vissim modelling. The only change they may be added prior to modelling would be the early start to cyclist on a north/south approach.

Hi Rosemary, Happy New Year, I have copied you on the email as you did the original intergreen checks.

Regards
