Hi Adam,
Can you please provide clarification as to whether you have received the intergreen timings from Engineering. Based on your email dated 20th January you provided a response stating that you were still waiting for them to be sent from Engineering.

It would appear they were returned on the 13th January as per the attached email.

As this is the case can you please confirm a modelling programme as to when these results will be available

I look forward to hearing from you.

Regards

Hi Adam,

Any update on this please. Do we have a date from Engineering as to when the intergreens will be done.

Hi Adam,

Please find attached feasibility layout for RHR 12/057. Can you please arrange for TfL Engineering to undertake intergreen checks. You already have the PO which was sent by Ian before Xmas. Once we get confirmation of the intergreens we can look to start the Vissim modelling. The only change they may be added prior to modelling would be the early start to cyclist on a north/south approach.

Hi Rosemary, Happy New Year, I have copied you on the email as you did the original intergreen checks.

Regards
