

08 Jun 2020, 08:14 Entry 12118312

The TFL Chief safety insp. Came in today to observe the distribution of face masks but she has been told that nobody turned up. She mentioned that Brixton Station is in the same situation, where there's no distribution because nobody turned up. She agreed that, it could have been a miscommunication, but is hoping that it will all be resolved for tomorrow morning. She said that, it should be volunteering stewards to be distributing the face masks.
