

Lift 2 taken out of service due to faeces in the lift on the floor and up the wall below the handrail.

CCTV viewed.

Description:

White male

late fifties - early sixties

bald head on top, dark grey hair on sides

pink shirt, dark blues jeans, tan brown shoes

dark sunglasses

gold watch on left wrist

The above male can be seen on the WB platform at the tailwall and then he starts to look in the escape shaft. He then quickly makes his way towards the lift.

1910 - Male takes the bag from the bin next to the lift.

1910:50 - Males gets in the lift at platform level on his own.

1911:25 - Male partially drops his jeans and proceeds to defecate in to the plastic bag whilst leaning away from the windows. The lift then stops at the middle landing and the doors open. No other passengers are there. The male lets go of the bag to lean forward and repeatedly presses zero. He then realizes that he has missed the bag and covers up the faeces on the floor with the bag. He straightens up his clothes.

1912:32 - Male exits lift at street level and hurriedly exits the station.

1920 Approx - Lift 2 taken out of service by CSA M after being informed by customers.

2000 - Lift 2 returned to service after being thoroughly cleaned.

17:15 approx. - Jubilee LIS called to inform us that a driver on the eastbound had seen some sort of altercation by the TW. Upon viewing the cameras I saw three males who appeared to be arguing and made no attempt to board the train when it arrived. An announcement was made for the BTP to go to the platform.

17:25 - Multiple BTP officers attend the platform and question the three males on the platform.

LIS updated.
