## Action - No Action

### Details:

#### Hazards:

- No Hazards

#### Treatment areas:

- No Action Required

No route type set.

**Application rate:** No Treatment Required

**Min RST:** Plus 2.1

No start time set.

#### Comment:

Breezy and dry this afternoon with spells of hazy sunshine. Turning chilly but staying dry this evening and into tonight under mostly clear skies, until patchy cloud builds up during the second half of the night accompanied by a few isolated showers. RSTs will remain above zero. A cloudy and dry start to tomorrow, but becoming progressively windy through the morning with one or two light showers possible.
