Action - No Action

Details:

Hazards:

- Band of rain

Treatment areas:

- No Action Required

No route type set.

Application rate: No Treatment Required

Min RST: Plus 1.5

No start time set.

Comment:

Dry this afternoon with cloud building from the west. A band of rain will move in through the late afternoon and evening. The rain and cloud will clear away into the first part of the night, becoming clearer overnight. However, cloud will tend to increase again towards the end of the night with RSTs staying above zero. A dry start tomorrow with variable cloud around and the odd patch of sunshine but becoming breezy.
