Action - No Action

Details:

Hazards:

- No Hazards

Treatment areas:

- No Action Required

No route type set.

Application rate: No Treatment Required

Min RST: Plus 8.0

No start time set.

Comment:

Cloudy this afternoon with blustery south westerly winds and the odd spot of rain. Staying cloudy and blustery this evening with the odd spot of rain or drizzle at times. During the second half of the night, outbreaks of rain will spread south eastwards, becoming lighter and patchier by the morning. RSTs will remain above zero. Breezy tomorrow morning, but turning increasingly dry and bright as the rain clears east.
