Subject: Feltham Town Centre - Bus Diversion preparations

Hi Christopher,

I hope you are ok and preparations are going well for the start of main works at Feltham from 29th May.

I've been working with my colleagues in London Buses and the new schedules for route 90 are about to be issued to the operator (this is planned for Friday) along with a Notice of Event (NOE). This will include ensuring that the route 90 uses the A312 Harlington Rd East / A244 Hounslow Rd Bus Right Turn from start of service (04:40 on 29th May).

I know that you have been working with Ian Ford regarding the hard standing and markings for the bus stand on Browells Lane. One risk that has come up is the status of the temporary toilet for the drivers using this temporary stand. Do your proposals include provision for a temporary toilet at this location, or can an alternative arrangement be put into place, such as use of the a toilet at the school, or the leisure park?

I'm working from home today, but could you give me a call on my mobile to discuss? My number is [REDACTED].

Many thanks,

Timothy
