Bus service changes

07 October to 18 November 2016 inclusive

This document sets out bus route service changes that have been approved and confirmed as going ahead; the information is correct to the date we publish, but is subject to change at short notice for operational reasons.

We publish this report every fortnight and highlight service changes two weeks previous and four weeks ahead of the issue date.

Date published: 21 October 2016

Amended update published: 27 October 2016

Special notes:

Tower Bridge will be closed to all traffic from 1 October until 30 December 2016 to allow City of London Corporation to undertake essential maintenance work. Routes **42, 47, 78** and **RV1** will be diverted. [Read more about the closure of Tower Bridge.](#)

Until January 2017, we need to close sections of the [A1 Holloway Road](#) while we carry out work to replace Upper Holloway railway bridge. The extent of the road closure will vary (see below) and buses on routes **17, 43, 263, 271** and **N41** will be diverted. Special service **563**, will link Nag's Head with Upper Holloway station (to a point just south of the road closure). To help mitigate the impact of the road closure, routes **43** and **271** will not run to their normal southern destinations.

- Monday 31 October (05:00) - Saturday 24 December (22:00): **Southbound closure**

Putney Bridge bus station is closed from 5 September 2016 until early November 2016 because of improvement work at the bus station. Routes **39, 85, 93, 265** and **270** are instead stopping at bus stops in Putney Bridge Approach. Route **414** is terminating in Fulham Road (near Fulham High Street), with free transfer to and from Putney Bridge Approach on other routes available to customers using Oyster pay as you go or Contactless.

More details are provided in the route list below for temporary, but long term diversions and curtailments as they commence.
