C/m called about an accident on a cycle lane CS7 -

Stockwell tube station - accident occurred at the Stockwell War Memorial

Google Maps - <https://goo.gl/maps/EdZMxy2otE72>

Wants the CS7 repainted - as the paint is high gloss but it doesn't support the traction of cycling.

We have investigated reports of slips and falls on a short section of CS7 as a matter of urgency and anti-skid materials will be re-applied to the cycle lane surface overnight from tonight, Wednesday 11 January.

From 21:00 tonight until 05:00 tomorrow (Thursday 12 January), we plan to close cycle lane northbound on Clapham Road, between the junctions with Stockwell Road and South Lambeth Road while the works are completed.

The works should not be noisy, however there will be vehicles moving around and some machinery in use.

Though every effort will be made to complete the works as planned, poor weather conditions may mean that they need to be rescheduled at short notice.

We apologise for the disruption and inconvenience.

Hi,

To be consistent with some other stakeholder comms going out on this, I'd suggest using the following:

We have investigated reports of slips and falls on a short section of CS7 as a matter of urgency and anti-skid materials will be re-applied to the cycle lane surface overnight from tonight, Wednesday 11 January.

From 21:00 tonight until 05:00 tomorrow (Thursday 12 January), we plan to close cycle lane northbound on Clapham Road, between the junctions with Stockwell Road and South Lambeth Road while the works are completed.

The works should not be noisy, however there will be vehicles moving around and some machinery in use.

Though every effort will be made to complete the works as planned, poor weather conditions may mean that they need to be rescheduled at short notice.

Hi Richard

Are you bale to advise on the below as suggested by Jon. It has gone around the houses a bit, we need advice on the surface at this location.

Please accept my apologies if you've already had this one through.

Kind regards

Liam Nichols

Hello Liam

Is a response to this still required? If so, Richard Fullager is perhaps best placed to answer.

Thanks

Jon

Hi Jon, Robin and Central

Are you able to advise and collate a response on the below including the painting of the surface with a non-slip type paint.

A response is due by 6 January.

Kind regards

Liam

Dear [REDACTED]

Thank you for your call of 21 December about the Cycle Superhighway 7(CS7) in Stockwell.

I'm very sorry for the delay in responding to you and for the accident that occurred due to the slippery surface of the CS7. I appreciate you taking the time to bring this matter to our attention.

We investigated the reports of slips and falls on a short section of CS7 as a matter of urgency and anti-skid materials was re-applied to the cycle lane surface overnight from Wednesday 11 January.

From 21:00 on 11 January until 05:00 on 12 January, we closed the cycle lane northbound on Clapham Road, between the junctions with Stockwell Road and South Lambeth Road while the works are completed.

Thanks again for contacting us. If there is anything else we can help you with, please reply to this email. Alternatively, you can speak to one of our Customer Service Advisers on 0343 222 1234, who'll be happy to help you.

Hi Yewande,

I have left the Cycle Superhighways Programme since January 2016, last year.

Can you please remove my name and add my colleague, Rita Wanogho, cc'ed, who is managing this.

Hi Rita,

Another one for you?

Regards
Areti

Hi Yewande

Can you please respond to this enquiry with the response below:

[REDACTED]

As you know, we have investigated concerns regarding the surface of CS7 between Clapham Road and South Lambeth Road during January 2017. Anti-skid materials were re-applied as an interim measure while more detailed investigations were carried out.

Our tests identified an issue with the surface of the northbound cycle lane and we have now fully resurfaced this lane between Clapham Road and South Lambeth Road to prevent the issue recurring. No issues have been found with the southbound cycle lane although we will continue to monitor the area.

Thanks kindly
Jess

Subject: Re: Cycle Superhighway 7(CS7) in Stockwell

Good afternoon,

Please can you forward the investigation reports for these remedial works to the Stockwell Cycle Lane? I reported my accident in a timely manner on December 15th 2016 and your previous correspondence has indicated that inspections were conducted and resurfacing works completed as a result. I would like all reports and written materials relating to the investigation on this section of cycle lane.

Note that *this is a Freedom of Information request* and I expect the relevant reports and information to be returned either electronically or by post to my home address within the allocated timeframe:

[REDACTED]
