- B16: Marine Engineering
- B17: Obsolescence Management
- B18: Tunnelling Engineering

C – Engineering Architectural Services

- C1: Transport Architecture
- C2: Non Transport Architecture
- C3: Commercial Architecture Support
- C4: Urban Design
- C5: Structural Engineering – Architectural Design

D – Highways Engineering Services

- D1: Traffic Engineering Projects
- D2: Engineering Skills & Support
- D3: Ad Hoc Survey Procurement/Data Collection and Analysis
- D4: Highways Engineering
- D5: Traffic Control Engineering
- D7: Intelligent Transport Systems
- D8: Road Safety Audit & Collision Investigation
- D9: Provision of arboricultural technical expertise
- D10: Provision of horticultural technical expertise
- D11: Provision of 'built green infrastructure' technical expertise

E – Rail Engineering Services

- E1: Rolling Stock Design Engineering
- E2: Rolling Stock System Specialist Engineering Support
- E3: Rolling Stock Specialist Investigation/testing Support
- E4: Depot Engineering, Plant and Equipment
- E5: Transport System and Railway Development
- E6: Incident Investigation
- E7: Transportation Information, Security and Surveillance Systems
- E8: Transport Control System Engineering
- E9: Cyber Security Engineering
- E10: Communications Engineering
- E11: Systems Engineering
- E13: High Integrity Software Based Engineering
- E14: Simulation and Modelling
- E15: System Safety Engineering
- E16: Supervisory Control and Data Acquisition (SCADA)
- E17: Rules and Regulations Traction Current Section (R&R TCS) Electronics
- E18: Electromagnetic Compatibility
- E19: Human Factors
- E20: Reliability Availability Maintenance
- E22: Track Configuration
- E23: Signalling, Installation, Testing and Maintenance
- E24: Signal Design Engineering
- E25: Power Engineering
