I will pass this on to our Network Performance team. I don't think we'll be able to attend on Tuesday – I am on leave myself. But as discussed earlier in the week I'll try and get you some further clarity on our position by the end of the week. One thing my Network Performance colleagues have asked me is do you have any before and after data on the number of people walking / cycling in the Tolworth Rd area following the introduction of the LTN?

Thanks,

Harry

Hi Harry

further to our discussion early this week regarding the above please see the attached turning survey for this junction. An early response if somebody from TfL can attend will be great, it seems members may go for this option next Tuesday "Surbiton Neighbourhood Committee at 7:30 - 19th July".
