

# Action Note from CIL Steering Group – 29<sup>th</sup> May 2018

16:00, 55 Broadway

Attendees: Julian Ware (**JW**), Richard Jones (**RJ**), Ryan Gerrish (**RG**), Peter Heath (**PH**), Neil Lees (**NL**), Alice Bennett (**AB**)

## 1. Actions for previous meeting

*Action: JLL to research OA information and produce viability evidence* – JLL explored OA evidence in the London Plan Viability Study, found only 1 reference to OA. Group agreed OAs vary considerably and are designated OAs for a number of reasons, not just viability, it would be wrong to group them together and class them under one London strategic site.

*Action: PH to produce a copy of the Response Issue Table for use by CIL SG at EIP* – PH will distribute post meeting.

All other actions completed ahead of meeting

**Action: PH to distribute CIL SG copy of Response Issue Table for CIL SG to begin to populate ahead of EIP.**

## 2. MCIL2 DCS Programme

JLL Work Stream: Additional evidence undertaken over the past few weeks has been updated in the Response Issues Table. Discussion re: further viability work for JLL to undertake - PH explained Mr Holland has not requested pre-inquiry meeting or technical seminar, expecting identified issues to come through from him in July. Group agreed at present nothing requires immediate attention until we hear back from Mr Holland.

Report for Mayoral Decision: Additional evidence produced by JLL in the Response Issues Table needs to be referenced before taken to Mayor. CIB is on Monday 11<sup>th</sup> June, need this by Tuesday 5<sup>th</sup> June – if not possible can try to push back CIB.

**Action: PH to highlight in Response Issues Table which sections JLL need to provide references for.**
