Thanks for the update, no contact as yet.

At present the background work is taking place for the first van to have the work carried out. the vans are based at Marlowe house.

If and when [REDACTED] contacts me I can discuss the finer details of how this will work
hope you are well

Hi [REDACTED]

Not sure if [REDACTED] got in touch in the end re this— [REDACTED] has nominated [REDACTED] to be the new SPOC for the A10. I met with him last week and he is very keen on finding out more info about the speed vans and arranging for them to be deployed on the A10, even if it is as a deterrent effect for now. He is aware of the issues you have had with getting these operational (!) have you had any luck with that yet?

[REDACTED] was also wondering where the vans are based – is it at Marlowe House? If so it will be a fair drive to the A10 – will there be any chance of one being loaned to the RPT/STT and being kept at Enfield police station for a period of time when being used for the A10? Totally understand if this is not an option – I know there are only 2 for the whole of the met area.

[REDACTED] – please get in touch with [REDACTED] to discuss this.

Thank you

Hi [REDACTED]

I hope you are well. Any news on the above and when they will be operational? Last time I spoke with you they still hadn't been connected with your systems yet.

Thanks!
