

Foi ref 1429-2021

TfL Ref 1429-2021

Thank you for your request received by Transport for London (TfL) on 24 October, and your clarification email of 28 October 2020, asking for information about a banned right turn on Southwark Park Road at the junction with Jamaica Road.

Your request has been considered in accordance with the requirements of the Freedom of Information Act and our information access policy. I can confirm that we hold some of the information you require.

You asked:

TfL have recently introduced a banned right turn on Southwark park road - SE16 I want to know

1. How many PCNs have been issued since it has been introduced?

2. If none have been issued yet when will you start issuing them?

The banned right turn is from Jamaica Road turning right into Southwark Park Road.

As pictured below, the signs have been there since 2008 and we have not issued any PCNs since then at this location.

We intermittently monitor all locations across our network to ensure compliance and should it become necessary to begin enforcing then we will do so.

We therefore do not have a date when enforcement may occur.

If you are considering submitting a further FOI request please think carefully about whether the request is essential at this current time, as answering FOI requests will require the use of limited resources and the attention of staff who could be supporting other essential activity. Where requests are made, please note that our response time may be impacted by the current situation.

If this is not the information you are looking for, or if you are unable to access it for any reason, please do not hesitate to contact me.

Please see the attached information sheet for details of your right to appeal as well as information on copyright and what to do if you would like to re-use any of the information we have disclosed.

Yours sincerely

Sara Thomas
