Hi Mike,

That's brilliant. Yes. You are correct that we do not record the finish points, however, our backend is currently being updated and we will be recording this in future. Our backend still knows where every bike is though due to the GPS on the bike.

Have a great evening and keep in from the cold. We are currently out deploying bikes in Redbridge.

Many thanks,

Hi [REDACTED]

With apologies for the delay, we are ready to send the confidentiality agreement to underpin the data sharing proposal we have been discussing. The schedule to the agreement sets out what will be shared in the first instance. Before we finalise things am I right that you don't record the finish points of hires?

Thanks

Mike
