Route X68 becomes route SL6

From Monday 31 July, route X68 is renumbered as route SL6. Please look out for the new number on the front of buses and on other travel information tools.

Route SL6 runs an express bus service between Russell Square and West Croydon, serving all the same stops as route X68.

It runs a peak service only with buses departing at the same times as route X68.

There are currently no other changes to the service.

Route SL6 is part of Superloop, a proposed network of express bus routes that would help improve connections and journey times between key outer London town centres and transport hubs.
