I don't think this email originally got through to you.

Subject: PCN update

Hi both,

I've just received a summary of your PCN data from Jan 2012-early April 2013.
Please see attached.

It looks to me like you are successfully tackling the problem locations of Stamford Street and Highbury Corner. Since 2013 you've received 1 PCN at Stamford Street and 2 at Highbury Corner which is an improvement on what we were seeing towards the end of last year.

Best wishes
