Hi, [REDACTED]
You said you might be able to fund this by increasing from the East Acton-Chiswick budget. We would need about £18,000.
Please find attached budget, plan, 2 photos of the alley as it is now, and one older one showing clearly how narrow it is.
We're taking land from the adjacent landowner, but they have already agreed this in principle. They get benefit too, as it will be easier for their lorries to turn into and out of their site, so they will contribute about 20% of the cost, as well as allowing us to use a strip of their land.
Please could you confirm if extra funding would be available for this.
=====

For an additional £35,000, we could replace and widen the path in Southfield Recreation Ground. Currently it's 1.2 metre-wide tarmac. The money would allow us to replace it with a 2 metre-wide path in a sealed permeable surface such as Flexipave, with solar edge lights.
Thanks very much
