

LB Lewisham - locations below https://www.google.com/maps/d/edit?usp=sharing&mid=16sBr7RnmZlmeZys55GA2g3NWD46o5ITY	Required (Yes / No)	Details (including agreements already secured)
Bus diversions required	No	
Bus stop closures and relocations	No	
Parking / loading suspensions required [please confirm is alternative parking / loading facilities are being sought on SRN or TLRN]	No	
Lane restrictions	No	
Closure of bus lane	No	
Directional road closure	No	
Full Road closure	No	11 sites on the local road network will be closed to motor vehicular traffic. However, emergency service access and bus routes will remain open at all locations as these will be enforced by camera. Consultation is currently being carried out with all emergency service routes to ensure the schemes are acceptable to them
Banned turns into or from SRN / TLRN	No	
Is there a risk of traffic displacement onto roads for which you are not traffic authority?	No	For the Lewisham and Lee Green area there will be a degree of traffic displacement onto the TLRN and the SRN due to the installation of modal filters on the local road network. The borough will be carrying out extensive monitoring on the surrounding road network to assess the impacts of the modal filters. Lewisham Council will also work proactively with the TfL RSM team to ensure the necessary monitoring is in place in order for both parties to closely the assess the impact on the TLRN/SRN and to be able to make any changes to the scheme as and when necessary.
Is the restriction close to traffic signals?	Yes	Lewisham Council will work proactively with the TfL RSM team to ensure the necessary monitoring is in place in order for both parties to closely the assess the impact on the TLRN and to be able to make any changes to the scheme as and when necessary.
Are temporary signals required?	No	
Do you need to close any controlled pedestrian crossings	No	
Type of statutory powers being used, e.g. S14, S.9 (TROs), S.75 (Highways Act) etc	S.9	

This checklist is to be attached to your TMAN submission. We will do our best to complete our assessment and respond to you within 2 working days. Please highlight if more urgent attention is required
