Dear Mr Caffarri,

Private Hire Vehicle Operators licence

We have received notification of an adverse nature, regarding your fitness to be licensed. In line with our policies and regulatory requirements we have considered if it is appropriate for you to continue to be licensed.

The information we have received is:

- We attempted to conduct an inspection on **5 September 2017** but were unable to do so as you are no longer operating from the licensed operating centre.
- We have identified via the Companies House web site that you, David Andrew Lane and Annick Marie Ghislaine Duyckaerts are no longer part of City Driver Services Ltd.

In making a decision on your continued licence status we have considered the following points:

- As all Directors declared to us are no longer part of this company we can not be certain that all legislative obligations are being met as we are unaware as to who has control of your business and if you are able to provide a safe service to the public.
- As we are unable to conduct a compliance inspection we cannot be certain if all licensing conditions are being met and therefore are concerned that there is an immediate risk to public safety.

Having taken all these points into consideration we have decided on the grounds of public safety to **revoke** your licence **with immediate effect** as we no longer consider you to be a fit and proper person to hold a licence.

I recognise that this will not be the outcome you desire, however we have an obligation to maintain both public safety and confidence in the licensed taxi and private hire trades.

Right of appeal

You may appeal our decision, information on how to do this is enclosed with this letter, please read the notice entitled 'Right of Appeal'.

You are not entitled to continue trading even if you appeal our decision and you must cease trading immediately. Your licence must be returned to us. If you fail to do this you are committing an offence and maybe prosecuted.

Additional Information

Information regarding powers conferred on TfL and the standards applied in making this decision can be found in the enclosed notice.
