**Subject:** Meet up to catch up!  
**Importance:** High

Hi Steve,

As per our conversation earlier today, I'm available to meet/catch up with you any time on Tuesday 11<sup>h</sup> April or Wednesday 12<sup>th</sup> April. Whichever of those days you can do is good for me.

I can be at TCR or Camden Town as I tend to go to both stations most days. I would suggest sometime after the morning peak (post 10.00hrs) on either day.

I don't intend to bombard you with loads of issues but below (with the attached pics) are a couple of areas I would like to focus on for each location (TCR and Camden):

Camden Town

- Water ingress by staff toilets (pic attached)
- Ceiling outside AM office area (pic attached)
- AC unit in CSS office

TCR

- The glass walkway (pics attached)
- Update on the compressor units for the main AC in the Ops Room and back office (please note that the temporary unit in the Ops rooms is working perfectly ok for now).

Please let me know which day is good for you, and the time so that I will be at the appropriate location (as stated above, I'm ok to see you at either of the stations).

Many thanks and best regards,

Musa
