Geoff , any news on this issue at TCR, and also the issue with the fire doors. Thinking about this I will ask Euphemia about this as this is still a major issue.

Hi Steve,

Please see below.

I'm getting CentrePoint Management Team querying about the glass walkway at TCR. I will respond to them but we need to seek a permanent resolution to that area.

Regards,

Musa

Good morning, Lesley,Olawole,

I hope this find you both well.

Could you please give us an idea when the Harris fenced area works between your glass exits will be completed.

Is this due to a leak or the integrity of the glass floor ?

Many thanks.

Kind Regards,
