Effect of Event Road Closure

Start Time/Date 23/08/2022 05:00 AM

End Time/Date 09/09/2022 17:00 PM

Duration Continuous

Issued Gough Warren (ST)

Event Details

Whilst redevelopment of the car park is taking place at the PRUH there will be a crane on site which will prevent buses exiting the car park in the usual way. Following a successful route test buses can exit the car park by turning right from the last car park lane (which will be made one way) and then left onto the access road. Parking bays will also be removed to ease movement.

Due to the loss of stop HB and reduction in standing space the Route R3 will curtail to Pallant Way and exit right onto Crofton Road to normal line of route. Passengers with mobility issues requiring access to the PRUH itself should be advised to change buses to the R4 at stop HL Starts Hill Road.

Routes 261 and R4 will share the remaining space and drivers are requested to move forward to allow buses to stand.

Please exercise care and caution through the site
