

3rd party - copy of NoR to TP - TENP

Notice of Rejection

A decision has now been made regarding the representation against the above Penalty Charge Notice(s)(PCNs). After reviewing all of the information provided a decision has been made to reject the representation. A detailed response has been sent to the registered keeper of the vehicle. As an authorised third party, an exact copy of this Notice of Rejection (NoR) is enclosed for your information. Please read the NoR carefully as it details why the decision has been made.

The NoR also explains the various options available. One of these is to appeal to London Tribunals, an independent third party appeals service. Only the registered keeper can make such an appeal. Therefore it is only their letter that will include an appeal form.

If you wish to make the appeal on behalf of the registered keeper, you will need to provide London Tribunals with a further letter of authorisation from the registered keeper along with the completed appeal form.

Details of the various time limits and where to send the appeal form are contained within the NoR. If you have any further questions regarding an appeal you will need to contact London Tribunals directly.
