Or

We have already made a decision with regards to the representation and established that it was late. (Not made within the 28 day statutory time limits). We considered if there were any mitigating reasons to treat the representation as if it had been made in time, but none could be established. A letter was sent to you detailing the reasons for this decision. Enclosed is a copy of that original decision.

We have reviewed the further correspondence submitted and consider that it does not include or provide any new or relevant information. We would like to confirm that our original decision remains unchanged.

The reasons for this are:

As we have received full payment we consider the matter closed and no further action will be taken.

If you do not pay a Charge Certificate may be issued. This increases the charge by 50% of the original amount. If you then fail to pay we will continue enforcement action, and we may apply to the County Court to recover the charges which will incur a further charge. We may also have to instruct enforcement agents to recover the amount you owe. This could include seizing your goods.
