Hi Andrew,

I'd suggest that for all the workshops we'd follow a similar format of:

- Intro and purpose of workshop
- Brief description of the proposals and why they have been developed
- Overview of the Integrated Impact Assessment and early findings
- Discussion around key themes of:
 - impacts identified to date
 - additional potential impacts
 - potential mitigations

Is everyone ok with that?

Thanks,

Christina

Hi all

See below – I'm starting to get agenda requests for next week's meeting. Do you have a structure in mind for these meetings, or will it be more of an open discussion?

Andrew

Good afternoon

As you may be aware, at the tail end of last year we [announced](#) plans to consult on a phased reduction in maximum taxi age limits for the most polluting vehicles in London's taxi fleet.

As a part of the pre-consultation work our teams are undertaking, we are looking to arrange a workshop with representatives from your respective organisations.

I would be grateful if you could let me know if you, or a delegated representative from your company, are available to attend 230 Blackfriars Road at any of the below times (for an hour).

- Monday 14 January – 13:00 to 14:00
- Wednesday 16 January – 14:00 to 15:00 or 15:00 to 16:00
- Thursday 17 January – between 11:00 and 13:00 or 14:00 to 16:00
- Friday 18 January – anytime

Thanks in advance

Andrew
