

The data provided within this report is for the internal use of Transport For London. The data provided must not be distributed or published for an external or public audience as is.

The species were recorded from a broad range of surveys - from public and species specific surveys to formal surveys carried out during the GLA's rolling survey programme.

The report is compiled using data held by GIGL at the time of the request (January 2020).
The extract was created by Benjamin.Town@GIGL.org.uk

Please let us know if you have any questions about the data and we will do our best to help.

Below are a description of the attributes of the species table.

Column	Description
TaxonGroup	The taxonomic group the species belongs to e.g. Higher Plants - Flowering Plants
TaxonName	The scientific name e.g. Adonis annua
CommonName	The common name if there is one e.g. Pheasant's-eye
TaxonRank	The level of the record in the hierarchy e.g. species subspecies species hybrid
SortOrder	A number that can be used to create a taxonomically sorted species list.
Abundance	Qualifiers relating to the species record usually describing abundance.
RecDate	The date or time span during which the observation was made. (Record Date).
RecYear	Year record was seen. (Record Year).
Recorder	Name of recorder/observer.
Determiner	Name of person who has verified the original record from observation/specimen
GridRef	Ordnance Survey grid reference location of record
GRPrec	Estimate of the grid reference accuracy (metres) of the record. (Grid Reference Precision)
GRQual	Indicates the position of the grid reference relative to the site. (Grid Reference Qualifier).
Easting	Easting location of the record.
Northing	Northing location of the record.
Location	Name of place where record was seen.
BreedsAt	Indication of nesting, home breeding – based on terms in comments (Breeding Status).
StatusLeg	Abbreviated list of legislation protecting the species in the planning system. For a full list see Appendix A.I. (Status Legal).
StatusOth	Abbreviated list of additional (conservation) designations for the species. For a full list see Appendix A.I. (Status Other).
StatusISI	London Invasive Species Initiative category abbreviation if one applies to the species. See Appendix A.II for list of categories.
SurveyName	Name of Recorder database survey to which the record belongs.
Comment	Comments associated with the record.
Confident	Those records identified by GIGL's Recorder Advisory Group as being confidential. See 'Accessing data policy' for further details. (Confidential).
Sensitive	Those records identified by GIGL's Recorder Advisory Group as being sensitive. It includes all species of interest to planners (as in GIGL Designated Site Point).
Verified	Statement of verification status (see Data Validation and verification policy)
VerifCom	Any comment associated with the verification status. (Verification Comment).
RecOccKey	Recorder database Taxon Occurrence Key (the unique identifier for this record).
VersionDt	The date this extract was created. (Version Date).
License	Data holder

Status codes	Description	Where to find them
HabRegs2	The Conservation (Natural Habitats &c.) Regulations 2010 (Schedule 2)	Status Leg
HabRegs5	The Conservation (Natural Habitats &c.) Regulations 2010 (Schedule 5)	Status Leg
BD1	Birds Directive Annex 1	Status Leg
HS D2p	Habitats Directive Annex 2 - priority species	Status Leg
HS D2np	Habitats Directive Annex 3 - non-priority species	Status Leg
HS D4	Habitats Directive Annex 4	Status Leg
HS D5	Habitats Directive Annex 5	Status Leg
Sect41	Natural Environment and Rural Communities Act 2006 - Species of Principal Importance in England (section 41)	Status Leg
WCA11	Wildlife and Countryside Act 1981 (Schedule 1 Part 1)	Status Leg
WCA5/9.1k/l	Wildlife and Countryside Act 1981 (Schedule 5 Section 9.1 (killing/injuring))	Status Leg
WCA5/9.1t	Wildlife and Countryside Act 1981 (Schedule 5 Section 9.1 (taking))	Status Leg
WCA5/9.4a	Wildlife and Countryside Act 1981 (Schedule 5 Section 9.4a)	Status Leg
WCA5/9.4b	Wildlife and Countryside Act 1981 (Schedule 5 Section 9.4b)	Status Leg
WCA5/9.4c	Wildlife and Countryside Act 1981 (Schedule 5 Section 9.4c)	Status Leg
WCA8	Wildlife and Countryside Act 1981	Status Leg
PBA	Protection of Badgers Act (1992)	Status Leg
UKBAP	UK Biodiversity Action Plan	Status Oth
LBAP	London BAP Priority species	Status Oth
BRed	Bird red list	Status Oth
RLGB DD	Data deficient	Status Oth
RLGB VU	Vulnerable	Status Oth
RLGB NT	Near Threatened	Status Oth
RLGB EN	Endangered	Status Oth
RLGB CR	Critically Endangered	Status Oth
RLGB EX	Extinct	Status Oth
RLGB RE	Regionally Extinct	Status Oth
RLGB EW	Extinct in the Wild	Status Oth
NR - excludes	Nationally rare. Excludes Red Listed taxa	Status Oth
NR	Nationally Rare occurring in 15 or fewer hectads in Great Britain.	Status Oth
NS	Nationally Scarce occurring in 16-100 hectads in Great Britain.	Status Oth
NN	Nationally Notable species which are estimated to occur within the range of 16 to 100 hectads. (Superceded by NS)	Status Oth
NNa	Nationally Notable A occur in 30 hectads (superceded by NS)	Status Oth
NNb	Nationally notable B occur in between 31 and 100 hectads (superceded by NS).	Status Oth
LSOCC	London Species of Conservation Concern	Status Oth
LIS1cat1	Species not currently present in London but present nearby or of concern because of the high risk of negative impacts should they arrive. Should any species listed in this category appear in London...	Status ISI
LIS1cat2	Species of high impact or concern present at specific sites that require attention (control management eradication etc.). Such species are priority species for action in London and London...	Status ISI
LIS1cat3	Species of high impact or concern which are widespread in London and require concerted coordinated and extensive action to control/eradicate. These species are species currently...	Status ISI
LIS1cat4	Species which are widespread for which eradication is not feasible but where avoiding spread to other sites may be required. Appropriate biosecurity is required for sites where these...	Status ISI
LIS1cat5	Species for which insufficient data or evidence was available from those present to be able to prioritise.	Status ISI
LIS1cat6	Species that were not currently considered to pose a threat or have the potential to cause problems in London.	Status ISI
