

## **Metropolitan Line: Scheduled and Actual Train Trips**

**Time period:** 07/03/22 - 19/03/22

**Data provided:** The percentage of service operated by day for the Metropolitan Line on the Uxbridge, and Watford branches. This compares the actual number of train trips versus the scheduled number of train trips over time using a predetermined set of measuring points. Each individual train can make multiple trips to the same location during a day, therefore train trips should not be compared to train cancellations.

### ***Limitations of the Data***

Data is taken from the signalling system. Small incidents of over or under reporting can occur if there is a problem with the data feed.

### **Measuring points used for the data are:**

Croxley for Watford branch

Hillingdon for Uxbridge branch
