Sean,

How is this?

If you think it's a bit wordy then please send and send back to me for approval.

“The London Fire Brigade endorses TFL enforcing yellow box junctions outside of Fire Stations. Without these yellow box junctions it would be very difficult for fire appliances to leave the Fire station in a timely manner and respond to Emergencies with the minimum of delay. The London Fire Brigade aims to have the first Fire appliance on scene in 6 minutes and the second fire appliance to arrive in 8 minutes. To achieve this it is vitally important that we are able to turn out of our fire stations swiftly”

Regards,

[REDACTED]

Hello [REDACTED]

Have you managed to pull anything together?

I can call you to discuss if that is easier ?

Sean

Hi Sean,

I am off to a couple of meetings now.

Can you give me a number so I can call you after the meetings to discuss?

Hello [REDACTED]

Are you able to provide some lines of support for TfL's response?

Regards

Sean

Hello [REDACTED]

Ideally we (TfL) would like some supporting lines from LFB about the benefits you see from TfL enforcing yellow box junctions outside of fire stations

Are you able to provide this today?

Thanks

Sean

Hi [REDACTED]

Happy to, [REDACTED] it would be great if you could send me something by the end of this week

Thanks

Sean

Hi Sean,
Would you wait for a reply from [REDACTED] – he is likely to be taking over this area of work and has experience of enforcement issues. I have not retired yet but, now seems the ideal time for me to pass the baton.
Kind regards

[REDACTED]

Hello [REDACTED]

TfL have received a letter relating to the yellow box junction on West Hill Wandsworth outside of the fire station.

In order to support our response are you or a colleague able to put a line or two together about the operational benefits you gain from TfL enforcing vehicles in the box junction.

Our response needs to go out by the 27th July so it would be great if we could have something from you by the end of the week

Many thanks

Sean
