---

Dear Stylianios,

Today we launched the second stage of our public consultation on options to make changes to the Liveable Streets scheme in. As part of this process, we are consulting key stakeholders for their feedback. I have attached both Bethnal Green consultation documents setting out the options.

These include:

Bethnal Green (Old Bethnal Green Road Area)

- Removal of closures on Canrobert Street, Punderson's Gardens, Teesdale Street, Clarkson Street and Old Bethnal Green Road
- Retention of the closures on Pollard Row and Pollard Street and creation of a new public realm in the area with new seating, planting and trees. This is the retention of a closure to northbound traffic on Pollard Row (at the junction of Ivimey Street) and a closure to traffic travelling eastbound on Pollard Street (at the junction with Pollard Row). The plans on page 6 of the consultation document also propose the removal of closures that currently restrict westbound traffic on Pollard Street and southbound traffic on Pollard Row.
- Conversion of Old Bethnal Green Road to two-way operation to improve access
- Improvements to footways and crossing across the Bethnal Green Area including dropped kerbs, continuous crossing and new zebra crossings

Bethnal Green (Weavers)

- Improvements to footways and crossing across the Bethnal Green Area including dropped kerbs, continuous crossing and new zebra crossings
- Introduction of southbound vehicle access on the junction of Columbia Road and Gosset Street and two new zebra crossings
- Removal of closures around Jesus Green and new traffic movement changes to Delta Street, Wellington Row, Gosset Street and Barnet Grove
- Removal of closures around Arnold Circus and on Old Nichol Street

Data and plans relating to the proposals can be found in the documents section of the Bethnal Green Liveable Streets page here:

<https://talk.towerhamlets.gov.uk/lb Bethnal Green/widgets/12671/documents>

I have attached a form for you to fill in with any comments, concerns or objections to the proposals.

Alternatively, if you think it would be more suitable to arrange a meeting to discuss the details, I would be happy to arrange a time next week to go through them.

The deadline for comments is 12<sup>th</sup> February 2023. Please let me know if you have any questions.

Regards
