Hey Gary,

I hope you are well.

Are we able to prepare a drawing for this, so that Asset Operations can get the bollard implemented?

We have a general cos code that I can share.

Thanks for all your help on this.

Regards,

Darren.

Hello Hilton/Zoe,

I hope you are well.

Are you able to provide comments regarding a customer's queries below?

I had initially referred it to Asset Ops, but they asked me to contact the area sponsors. This is regarding the asterisked part of the customer's query.

If this isn't for yourself, please do advise where I should send it to.

Kind regards

Dear Network Sponsorship,

Asset Operations South asked me to reallocate this case to Network Sponsorship (NS) to address the concern raised by the customer asterisked below), as you are leading on resolving the matter. (The plan is for NS to provide a drawing to AO to install a bell bollard at this junction. The drawing is yet to be received by AO, hence we are unable to provide a resolution timescale).

Dear Asset Operations South Correspondence,

LB Sutton

Case refers to RE: Streets-18964306- For Investigation (TfL Restricted) CRM001:0817000612815, where we received a response from Asset Ops on 18th Oct saying; I've asked our contractors to visit site and refix the sign again. I sent them photos to make sure they get the right one.

With regards to vehicles still turning right - there are two warning signs leading up to the junction, and safety bollards on the central island, so I'm not sure what the customer is referring to when they say there is 'no enforcement sign and no safety bollards'. Anyone ignoring these signs is breaking the law at their own risk.

MOP has come back saying:

Dear Glen D'Gama

Thank you for the response. *Can you confirm the camera is now working? The main concern is still HGVs crossing over the pavement on the entrance to Lumley Road. As this is where pedestrians including children wait to cross it can only be a matter of time before the unthinkable happens. The word urgent has been used a lot by TFL but as yet no action. Please, please can we have a date for a resolution. Kind regards, [REDACTED]
