Hi Darren

I have just been able to instruct the order for Lumley Road, FMC has given me a target date of 12 January 2024, so would suggest any response to enquiries "works due to be completed in January 2024".

Hopefully there will not be any unforeseeable delays

Merry Christmas

Hi Dean

Lead time for these are 2-3 days, but it's unlikely I get the order raised today. Instruct This to be done by 12/1/24. We should have the bollards in by the 8th or 9th at the latest.

Hi ██████████

Order 2869012 is ready to instruct could you investigate the lead time to order and install two streetscape type bell bollards

<image013.png>

In addition please take the two points in to account

1. Ensure the bollards have adequate contrast to the surrounding surface. This may require additional reflective/contrasting banding on the bell part (don't want cyclists to clip the flared base which sticks out).
2. The orientation of the "wand" part should be such that it has maximum clearance to the cycle track.

Kind Regards
