Hi [REDACTED]

Thanks for clarifying. I'll send on the TMO to the police for them to carry out an assessment. I've asked [REDACTED] and [REDACTED] of Gov Relations if they can pinpoint the stretch that has speeding, which from looking on google, is likely the Wandsworth side like you state.

Our current position and lines on speeding cameras is as follows:

In our Vision Zero Action Plan, we committed to expanding London's safety camera network as part of efforts to reduce speed and speed-related collisions in the capital. This is still our intention but we are not in a position to do so now. We are undertaking the essential preparatory work for this and ensuring we have all the necessary elements in place before rolling out new camera sites. This includes implementation of offence processing technology, recruitment of enforcement staff, and exploring new camera technology to ensure that we are investing in the best and most cost-effective systems for the future. We are also in the early stages of a contract relet for our two main safety camera providers with contracts due to expire in 2024. Once we are in a position to expand the network, we will need to redo the detailed analysis to prioritise locations for safety cameras, using a methodology that was developed in consultation with the boroughs and London Councils prior to the pandemic. We need to do this to take account of any changes in travel projections and road user behaviour, as well as the significant changes made to road layouts during the pandemic.

As we're not able to commit to a speed camera at present, I will be putting this forward for assessment and forwarding through the political concerns about it so the police are aware.

Thanks

Subject: RE: Speeding on Croxted Road and a Speed Camera

Hello [REDACTED]

I'm not sure of the extent of each borough's control over each arm of Croxted Road but the attached 20mph speed limit TMO was made by Southwark and covers the whole of Croxted Road, and from the preamble it is clear that this was done with Lambeth's consent. The exception to the 20mph speed limit is where TfL is the traffic authority for the return off the S. Circular. We are expecting to incorporate this section in September when the S.Circular will be made 20mph in this area.

I don't think the real area of concern is our section as it only covers a small amount of Croxted Road but I did recently receive a request for a speed camera in our section on the northern arm. It would be good to know in general what our latest position is with speed/safety cameras as I know we changed our approach for various reasons recently (move over to digital, processing capacity, pandemic etc.). I think we need to know that before we meet with anybody.

Thanks

Subject: FW: Speeding on Croxted Road and a Speed Camera

Hi All,

I've had the below concerns received from both LCP and Gov Relations through Cllrs, MP's and residents about traffic speeds along Croxted Road. I believe the road may cross into both Lambeth and Southwark, so copying you in for visibility on this.

I'm going to complete a London Borough Speed Report with regards to this case, but please note, the Cllr is requesting a meeting with TfL to discuss the issue.

In the meantime, to complete the form, could someone confirm if this is a TfL owned road and what speed limit the road is? Unless it's a 30mph limit I'll need a TMO and then approach the owning authority for it.

Kind regards

[REDACTED]

Good morning CPOS team

I hope you are well.

With regards to the request for a meeting below to coordinate a discussion about enforcement/speed cameras and Boroughs, it is something that you can help with?

Thank you in advance.

Kind regards

Subject: RE: Speeding on Croxted Road and a Speed Camera

The section north of the South Circ. is Lambeth highway.

I suggest TfL would need to lead in conjunction with the Met as this relates to a request for a speed camera.

Hi [REDACTED]

Is it that Southwark are responsible for Croxted Road? Wouldn't it be best for them to lead on this meeting?

Happy to help in any way I can.

Kind regards

Hello

Just a quick reminder about getting this moving - any dates welcome.

It would good to progress this asap as there was another near miss this morning with a car speeding on the stretch of Croxted road Lambeth is the highways authority for

Subject: Speeding on Croxted Road and a Speed Camera

Dear All

My apologies for cc'ing everyone in but as Lambeth Highways, the Metropolitan Police and TFL everyone has a regulatory stake in Croxted Road traffic management.

The problem of speeding on the road is really well documented and we are in the position where there have been several serious accidents. Most recently there was a collision on the road between Pymers Mead and Turney Road, where Lambeth are the highways authority. On the stretch of road where Southwark are the authority there are speed cameras.

The recent speedwatch, run by the community with support of PCSO Stanlick has shown the extent of the problem. There is a real danger of fatality and in the last year there have been at least two hospitalisations that we know of as a result of speeding accidents.

Either myself or Cllr Cavanagh have talked to you about a speedcamera and in the absence of a clearly established way forward for Croxted, I would like to suggest a meeting to work out how one could be placed on the section of road that is Lambeth's responsibility. Cllr Chowdhury as cabinet member has in principle agreed to this and gave a formal written answer to full council last year to this effect.

If any availability could be offered I would be really happy to facilitate this asap so we can get a plan in place to deliver a camera for this very dangerous stretch of road.

Best
