Notes:

Restricted working hours uplift @ 15% to be added to installation and removal items if required.

Night and weekends works uplift @ 25% to be added to installation and removal items if required.

Please note that the daily rate of rental is for 7 days a week. (Part weeks will be charged at 1/7th the weekly hire rate, per day) N.B. You will only be charged for barrier that is 'on the road' (including that which is in the process of being delivered, moved or removed).

Hire charges include the day(s) of installation and removal for the whole quantity rented.

Should the rental duration on site be less than the minimum duration, then product rental for the minimum duration shall be charged.

Damage to RB60H, inclusive of removal of paint and spray marks, will be recharged at a labour rate of £45.50 per hour. In addition any materials required to rectify damage will be charged at cost + 25%

Emergency Call Out Charge A lump sum to be charged whenever any services are required to be delivered or installed if less than 12 hour's notice is given by the provider £500.00

Exact location and position of TVCB set back to be confirmed

The Customer will be responsible for the safekeeping of the TVCB between the commencements of the rental, to the time of collection at the end of the rental period. This will include for barriers being written off in the event of vehicle impact and any damage to barrier caused by misuse/mishandling.

In the event of cancellation of agreed operations, due to site access being denied for any reason beyond the control of us (including weather), full measured rates in accordance with the quotation will be applied.

Any surface deformation caused by radiated heat transfer, point loading, or impacts from errant vehicles shall be at the risk of others

TM has not been allowed for but can be provided on request. A meeting to discuss TM would be recommended to determine the requirements and how the system is installed. Minimum widths are required for the installation of this system.

Cancellation of planned operations must be notified in writing. In this event, 24 hours notice will incur no financial penalty.

if less than 24 hours notice from commencement on site is received, the following charges will be applied

Cancellation between 24 hours and 12 hours of booked time of arrival at site - 50% of measured rates for the shift.

Cancellation between 12 hours and 6 hours of booked time of arrival at site - 70% of measured rates for the shift.

Cancellation with less than 6 hours to booked time of arrival at site - 100% of measured rates for the shift
